Corporate Membership Program

Berkeley Hills Country Club offers a Corporate Membership which benefits multiple members from one corporation. A Corporate Membership includes one Primary Member and up to thirteen (13) successive members; total of 14. This membership is a non-equity, non-voting membership.

Company must provide members assigned to the number of memberships. Member names may only be substituted annually or when a named member is no longer employed by the company. Prompt notification is required if a named member is no longer an employee.

Initiation Fees of \$10,000 is deferred for 5 years; each year a Corporation retains its membership, it earns a credit of \$2,000 towards that Initiation Fee resulting in no Initiation Fee being due at the end of 5 years.
